An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Schumann on 4/2/07.

In claim 1 lines 4-5 "a top opening and being ... a recessed flat front wall" has been changed to – a circular top opening and a circular bottom being of uniform circular cross section except for a recessed flat front wall which is intermediate to said top and bottom --.

In claim 3 line 4 after "said container having" – a circular top opening and a circular bottom being of uniform circular cross section except for a recessed flat front wall which is intermediate to said top and bottom, further comprising --.

In claim 16 lines 2-3 "being of ... front wall" has been replaced by –having a circular top opening and a circular bottom being of uniform circular cross section except for a recessed flat front wall which is intermediate to said top and bottom --

In claim 24 line 4 "has a top ... flat front wall" has been replaced by –having a circular top opening and a circular bottom being of uniform circular cross section except for a recessed flat front wall which is intermediate to said top and bottom –

The following is an examiner's statement of reasons for allowance: In addition to the remarks of record, the cited prior art fails to teach or suggest the claimed structure of a container having a circular top opening and a circular bottom and an intermediate flat recesses wall where the cassette is slidably received within the container near the flat front wall. The closest prior art Galloway et al. fail to teach a circular bottom and the cassette slidably received with the container near the flat front wall.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
